**STATEMENT OF PERTINENT FACTS IN SUPPORT OF PETITION**

1.      THE INVENTOR, **Gottfried Rainer Dohle**, was employed by SDL, Inc., now JDS Uniphase Corporation, during the course of his/her work. He/she and the co-inventors of the present application participated in the invention disclosed and claimed therein.
2.      THE INVENTOR participated in the drafting and filing of the parent patent application from which the present continuation-in-part application claims priority.
3.      THE INVENTOR no longer works at JDS Uniphase Corporation.
4.      All reasonable and diligent efforts have been made to contact this inventor in an effort to obtain his Oath or Declaration.

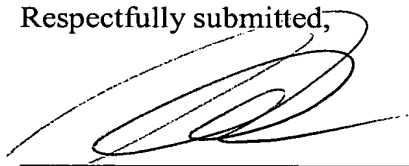

**Exhibit A:** E-mail from JDS Uniphase Corporation's Human Resources Department dated December 13, 2002, providing, from their records, the address for Mr. Gottfried Rainer Dohle, of 1233 Pedro Street, Apt 64, San Jose, California, 95126, United States of America.

**Exhibit B:** E-mail correspondence with the co-inventor, Mr. Wong, dated October 30, 2003, to determine if he was still in contact with Mr. Dohle. The reply indicates that he has not maintained contact with Mr. Dohle.

**Exhibit C:** A letter was mailed to Mr. Dohle at 1233 Pedro Street, Apt 64, San Jose, California, 95126, United States of America, with the Assignment, Declaration and a copy of the specification and drawings. The letter was returned as undeliverable by the US Post Office as per the Return to Sender stamp on the envelope.

**Exhibit D:** A search on Yahoo! People Search to try and locate a current address for Mr. Dohle located a "Rainer Dohle". Telephone calls placed to the number indicated, (408) 271-9259, on December 1/03, December 3/03 and December 8/03, to determine if this is the same Rainer Dole who worked for JDS Uniphase Corporation, have been unsuccessful. The calls were unanswered and there was no answering machine to leave a message.
